

Afternoon workshop in Warsaw  
**SYSTEMIC CONSTELLATIONS**

**Dr Panayiotis Vyras**  
*Psychiatrist – Family Therapist (EFTA/EFPP)*  
*Athens Synthesis Centre, Greece.*

A psychotherapy method offering insight and solutions to a variety of problems. Issues related to the history of a family, or other systems, are processed in order to gain understanding and well being.

Areas to be explored: **Relations, Health, Work, Finances, Life Purpose.**

For a small group (max. 15 persons) providing the opportunity to examine a specific system in depth. Participants may do two things: Investigate their own system and be active observers for others, in 4 sessions of approximately 45 minutes each. It's a learning experience, addressed to: Educators, health workers, parents or couples and anyone interested in community involvement.

**Place**

Instytut Filozofii PAN, Nowy Swiat 72 room 242
