

Afternoon workshop, in Patmos.
SYSTEMIC CONSTELLATIONS

Dr Panayiotis Vyras
Psychiatrist – Family Therapist (EFTA/EFPP)
Athens Synthesis Centre, Greece.

A psychotherapy method offering insight and solutions to a variety of problems. Issues related to the history of a family or other systems are processed in order to gain understanding and well being.

Areas to be explored: ***Relations, Health, Work, Finances, Life Purpose.***

For a small group (max 15 persons) providing the opportunity to examine a specific system in depth. Participants may do two things: Investigate their own system and be active observers for others, in 4 sessions of approximately 45 minutes each. It's a healing experience, addressed to: Educators, health workers, parents and anyone interested in involvement with community.
