

Morning workshop in Abano Terme – Padua, Italy.  
**SYSTEMIC REPRESENTATIONS**

**Dr Panayiotis Vyras**  
**Psychiatrist – Family Therapist**  
**(EAP/EFTA)**

A psychotherapy method offering insight and solutions to a variety of problems. Issues related to the history of a family, or other systems, are processed in order to gain understanding and well being. Impossible to undo our past, but we can release its impact! Areas to be explored: **Relations, Health, Work, Finances, Life Purpose.**

For a small group (max. 15 persons) providing the opportunity to examine a specific system in depth. Participants may do two things: Investigate their own system and be active observers for others, in 4 sessions of approximately 45 minutes each. It's a learning experience, addressed to: Individuals or couples, parents, educators, health workers and anyone interested in personal growth and community involvement.

**Place**

Hotel Alexander, Abano Terme – Padova.
